FOR IMMEDIATE RELEASE

July 2016

LaForce Promotes New Office Manager in Indianapolis

LaForce, Inc., a leading distributor of doors, frames, hardware, security integration, and building specialties, is pleased to announce the recent promotion of Josh Pascoe as Office Manager for its Indianapolis location.

Pascoe has been with the company for over five years. Prior to his promotion, he earned degrees in political science and history from St. Norbert College in De Pere, WI. He worked for four years in the shipping industry before becoming an Installation Project Manager at LaForce, where he managed duties for multiple territories. In his new role, he will focus on expanding LaForce's offerings, growing his team's knowledge and training, and building upon existing relationships in the Indianapolis area.

Pascoe credits his colleague, Engineering Manager Chad Mehlberg, for providing training and encouragement over the years. He also points to the rest of the installation team at LaForce, who are ready and willing to grant support. Completing projects for LaForce is truly a team effort, and Pascoe is looking forward to sustaining this principle and the rest of LaForce's core values in the Indianapolis market.

LaForce is growing at a steady pace and readily promotes its team members. Hard-working individuals looking for long-term stability are encouraged to explore career opportunities at LaForce.

About LaForce:

Since its establishment in 1954, LaForce, Inc. has grown to become one of the largest distributors of doors, frames, hardware, security integration, and building specialties in the United States. The company's services include custom manufacturing of doors and frames, product installation, pre-installation, pre-finishing, security integration, specification writing, fire door inspections, and keying. Headquartered in Green Bay, WI, LaForce operates 11 additional locations throughout the country. For more information on LaForce, Inc., please visit www.laforceinc.com.
